RAHUL PRANASSERI · UNREAL ENGINE 5

BLUEPRINT COMBAT + AI: HOW IT WORKS

PROCESS

1. You send the brief: what the system or enemy should do
2. I confirm scope and the Blueprint structure
3. I build it in your project or a clean test map, you playtest and give feedback
4. Delivery of the project, commented Blueprints and a short setup guide

WHAT I NEED FROM YOU

- ✓ Genre and camera
- ✓ Unreal Engine version
- ✓ What you need: combat, enemy type, weapon, boss
- ✓ New or existing project
- ✓ Multiplayer needed?
- ✓ Videos or references of the behaviour you want
