RAHUL PRANASSERI · UNREAL ENGINE 5

SHOOTER + GAMEPLAY: HOW IT WORKS

PROCESS

1. You send the brief: genre, camera, mechanics wanted
2. I confirm scope and build a first playable
3. You playtest and give feedback, I refine
4. Delivery of the packaged project, commented Blueprints and a setup guide

WHAT I NEED FROM YOU

- ✓ Genre and camera
- ✓ Unreal Engine version
- ✓ Mechanics needed (aim, weapons, abilities, objectives)
- ✓ Your character, weapon models and animations (or free placeholders)
- ✓ New or existing project
- ✓ References of games you like

PACKAGES
